Broughton Parish Council

Cemetery Mowing for 2025

The Parish Council is responsible for mowing the cemetery County Wildlife Site. In the past this has been done by paid contractors. To manage costs, this year we are running a trial to see if we can have this done by volunteers.

Between mid-April and mid-July, the area to be mown will be roughly three-quarters of the cemetery. Grass needs to be collected and put in a green bin, which takes a bit longer than leaving the cuttings or mulching. The cemetery is typically cut around 8 times over the season.

The Council's mower, the Flood Group strimmer and PPE are available for the work, or volunteers can use their own if preferred.

If you would like to volunteer, please contact Nick Moulton at nick@broughtoncambspc.org.uk and let him know when you might be available. All help is welcome, even if you can only spare an odd hour to do part of the cemetery. Nick will contact everyone who volunteers to co-ordinate who cuts when. Volunteers will also need to give me their details for the Council's insurance records.

Thank you in advance for your help
